OFFICIAL WELCOME ADDRESS

MINISTRY OF ECOLOGY,
ENVIRONMENTAL PROTECTION
AND CLIMATE CHANGE
OF THE REPUBLIC OF UZBEKISTAN

Dear ladies and gentlemen!

On behalf of the Ministry of Ecology, Environmental Protection and Climate Change of the Republic of Uzbekistan, I have the honor to welcome all participants and guests at the Tashkent International Tourism Fair – "Tourism on the Silk Road 2023" (TITF).

In the tourism sector, Uzbekistan, as all countries of the world, prioritizes the developing of the tourism industry, domestic tourism along with attracting international travelers, raising tourism to the strategic level of the republic's economy, increasing international cooperation, competitiveness of the tourism industry and improving the quality of tourism services.

Undoubtedly, such events play the key role for the tourism industry and make important contribution to the developing of tourism potential and enhancing the country's image in the international arena.

I am convinced that in 2023, as in the previous years, the Tashkent International Tourism Fair – "Tourism on the Silk Road" – will become a reliable platform for cooperation, negotiations, experience exchange, update on the latest achievements and conclusion of profitable contracts.

I wish everyone great success and fruitful work!

Minister of Ecology, Environmental Protection
and Climate Change
of the Republic of Uzbekistan

A. Abdukhakimov

04

OFFICIAL WELCOME ADDRESS

On behalf of the Tourism Committee of the Republic of Uzbekistan, I am pleased to welcome all participants to this landmark event, which brings together representatives of the tourism industry from all over the world.

Tashkent International Tourism Fair - "Tourism on the Silk Road 2023" (TITF) is a significant platform for the exchange of experience, knowledge and best practices in the tourism sector. It provides an opportunity to present the achievements, products and services, as well as establish new business contacts and partnerships.

I wish you productive discussions, successful negotiations and fruitful cooperation throughout the event.

May our efforts bring Uzbekistan to becoming one of the leading tourism destinations in the world.

Thank you for your participation, and I wish you a pleasant stay in Tashkent!

**Chair of the Tourism Committee
under the Ministry of Ecology,
Environment and Climate Change
of the Republic of Uzbekistan**

U. Shadiev

05

OFFICIAL WELCOME ADDRESS

Dear ladies and gentlemen!

We welcome all participants and guests of the Tashkent International Tourism Fair – "Tourism on the Silk Road 2023" (TITF).

Since its establishment, TITF has welcomed a huge number of companies that have contributed to the development of the country's tourism industry. It is worth noting that the largest event in the history of TITF was the 2022 fair, which was attended by over 10,000 guests, with more than 1,000 foreign tourism specialists among them.

During the Tashkent International Tourism Fair TITF-2022, more than 20,000 negotiations were held and more than 7,000 cooperation agreements were signed. And we expect that in 2023 the fair will be even larger than before.

Our team wishes all participants of the Tashkent International Tourism Fair – "Tourism on the Silk Road 2023" great achievements and successful work.

Exhibition Director

D. Samandarova

Team&Co.

OFFICIAL WELCOME ADDRESS

Ladies and gentlemen!

On behalf of Team&Co. We welcome all participants and guests of the Tashkent International Tourism Fair – "Tourism on the Silk Road-2023" – the only tourism exhibition in Uzbekistan and the largest one in Central Asia.

Undoubtedly, this fair is an effective information platform for promoting hospitality products and establishing business contacts between local and international companies.

We are happy to be part of such a large-scale event in the tourism industry!

We wish you a productive time at the exhibition!

Welcome to Uzbekistan!

Best wishes,
Team&Co.

About the Tashkent International Tourism Fair "Tourism on the Silk Road" (TITF)

Tashkent International Tourism Fair – "Tourism on the Silk Road" (TITF) is the brightest and largest event in the tourism industry of Uzbekistan and the entire Central Asian region.

The fair has been held since 1995 with the official support of the UN World Tourism Organization.

Every year, tourism business professionals from all over the world gather at the exhibition.

Every year, leading companies and specialists in the field of tourism from different countries of the world become TITF participants.

Every year, conferences, B2B meetings, round tables, exhibitions of tourism services and handicrafts, presentations of the tourism potential of Uzbekistan regions, Gastro Bazaar and much more are held as part of the fair program.

”

Organizers of the Fair: Tourism Committee of the Republic of Uzbekistan and "National PR-centre" SUE together with the Team&Co company.

Team&Co.

Uzbekistan Airways: the Wings of Central Asia

Uzbekistan Airways is the largest airline in Uzbekistan.

It is organized in a form of a joint stock company. The fleet includes aircraft represented by Boeing 767/787, Airbus A320ceo/320neo/321neo/A330, L-410, ATR-72.

In 2022, the airline carried 4.2 million passengers. It is constantly expanding its route network, aircraft fleet and improving service.

Ensuring flight safety always remains a constant priority.

Uzbekistan Airways provides regular and charter passenger and cargo transportation, including via the low-cost airline – Uzbekistan Airways Express.

Uzbekistan Airways also includes the following companies: Uzbekistan Helicopters LLC, Uzbekistan Airways Technics LLC, Catering LLC and Training Center LLC.

International relations and development

The airline, established in 1992, always follows its motto – Safety. Stability. Comfort. More than 30 years ago, Uzbekistan Airways set a course for modernizing its aircraft fleet and began active cooperation with the largest aircraft manufacturing companies in the world – Boeing and Airbus.

The airline opened representative offices in foreign countries, actively developed international routes and solved socio-economic problems to ensure transport accessibility of cities and regional centers of Uzbekistan. Today, the airline's aircraft operate flights to more than 50 cities around the world, while the number of passengers transported in 2022 was more than 4 million people.

Uzbekistan Airways confidently continues its successful development: new destinations are opening, the number of passengers is growing, the aircraft fleet is being replenished, and the company's position in the international air transportation market is increasingly strengthening.

15

Training and development of internal talents

The company pays great attention to flight safety. The skills of Uzbekistan Airways pilots are well-known all over the world and are highly appreciated by international organizations. The airline's own training, education and advanced training facilities for aviation personnel help achieve such high-level estimation. The training center has professional teaching staff, a modern educational and training complex, where classes on procedural and full-function simulators are conducted 24 hours a day, 7 days a week. All courses conducted at the Training Center are approved by the administration of the Republic of Uzbekistan and are conducted in strict compliance with ICAO and IOSA standards.

The pride of the fleet – Boeing Dreamliner 787

Uzbekistan Airlines has repeatedly won various international diplomas and certificates for achievements in the field of aviation safety. In 2017, for the first time in its history, the airline performed the first direct non-stop flight on the Tashkent-New York-Tashkent route on Dreamliner aircraft. Today, Dreamliner successfully operates flights to Dubai, Delhi, Amritsar, Istanbul, Tel Aviv, Seoul, Frankfurt, Moscow, Kuala Lumpur and Singapore.

DISCOVER MOSCOW

Dream city: 4 reasons to visit Moscow

Moscow is rapidly winning the hearts of tourists from all over the world. Just within the first half of this year, more than 10.3 million travelers visited the capital city. Tourists are attracted by infrastructure, architecture, rare museum exhibits, delicious food and a huge number of places for family recreation.

The greenest city

The capital of Russia is the greenest metropolis in the world: green spaces occupy take about 50% of the city's area. In more than 900 Moscow parks you can try different activities: ride attractions, rent a bike, watch a movie in an open-air cinema.

In winter, Moscow hosts a large

number of festivals, and skating rinks with all the necessary infrastructure open here. Some parks have already become known outside of Russia. First of all, these are "Dream Island" and VDNKh.

web - discovermoscow.com
e-mail - info@welcome.moscow
tel. - +7 (495) 957-96-77

Cultural recreation and ice-cream

Moscow will surprise the demanding traveler with a rich cultural program. Moscow has more than 400 museums and exhibition halls, 250 theaters and concert halls, and a large number of festival programs.

The capital's museums are a real treasury of domestic and world art. In the Tretyakov Gallery you can see works by Valentin Serov, Nicholas Roerich, Marc Chagall and Kazimir Malevich. The Pushkin Museum exhibits works by many impressionists, including Edgar Degas's famous painting "The Blue Dancers".

Of course, you can't come to Moscow without visiting the Historical Museum on Red Square, collection of which consists of more than 5 million exhibits.

Infrastructure and transport

Tourists can take comfortable public transport to reach all these interesting locations. Several years ago, at the UITP International Public Transport Summit in Montreal, Moscow was recognized as the No. 1 city for the comprehensive development of the transport system.

Thus, the Moscow metro is considered one of the best in the world. Moreover, it is the most promoted in most criteria: from architecture to the comfort of cars. The modern navigation system is adapted for residents of Moscow and tourists. Today it is almost impossible to get lost in the Moscow metro, even during rush hour.

Tourist infrastructure

It is quite easy to get lost in such an abundance of routes and locations, that is why special Tourist Information Centers (TICs) have been established in Moscow. They are easily identified by the Discover Moscow label on them. They will help the travelers to create an individual itinerary, purchase air and train tickets, book a hotel and even a table in a restaurant. Everyone will be given a city map and a guide to the main sights.

Also, to create comfort in planning and searching for various useful offers for tourists, a special digital service RUSSPASS has been created. It will help you find a hotel, choose a tour, book a table in a restaurant, create the personal route around the capital, or use ready-made offers and audio guides.

Uzbekistan Airways Technics: ensuring flight safety

The airline can also be proud of its aircraft repair and maintenance division, Uzbekistan Airways Technics, thanks to which the airline can independently and efficiently maintain the airworthiness of its aircraft.

The aircraft repair plant has all the necessary international certificates and represents the only Central-Asian one that carries out major maintenance of almost all types of Western-made aircraft. Uzbekistan Airways Technics annually services about 200 planes.

49

Gastronomy. Airline artistry.

"Every passenger is important to us!" – this motto always remains relevant for the airline, not only in matters of safety and personnel qualifications, but also in the catering services production, which provides delicious food during the flight. All products are carefully checked for compliance with international technological standards and norms when preparing diets and preparing meals for passengers. The menu for passengers always has a national flavor. Passengers are offered pilaf, mini-breads and samsa, oriental sweets and fruits.

The airline's contribution to the country's tourism potential

Uzbekistan Airways contributes to the development of the country's tourism potential. In order to improve the image of the Republic of Uzbekistan in the international tourism arena, Uzbekistan Airways is constantly working to expand its flight geography, enter into agreements with foreign partners, and actively promote its services at all major international exhibitions. The development of domestic tourism is also one of the priorities of Uzbekistan Airways. The airline's route network includes both international and domestic destinations directly through regional centers, bypassing the Tashkent base airport.

What are the expected changes for the company in the near future?

Uzbekistan Airways plans to receive new aircraft and open regular flights to Munich, Ankara and Phuket.

50

REGIONS OF UZBEKISTAN

51

Tashkent city

Tashkent is the capital of Uzbekistan and also the largest city in Central Asia. For many years, Tashkent has been the most important business and cultural center of the country, attracting tourists and entrepreneurs from around the world.

Tashkent region

The Tashkent region is located in the north-west of Uzbekistan, between part of the Tien Shan Mountains and the Syrdarya River. The center of the region is Nurafshan city.

Republic of Karakalpakstan

The culture and history of the Karakalpak people is unusually rich, because people lived in this territory back in the Neolithic era. The center of the region is Nukus city, which has an international airport. From there you can get to the major cities of Karakalpakstan – Muynak, Kungrad, Beruni, Turtkul and other places.

52

Bukhara region

The Bukhara region was named the center of Islamic culture because of the most popular city among tourists – Bukhara, which is the center of the region and the birthplace of outstanding thinkers and preachers of the Holy Koran.

The history of the region dates back to the 2nd century BC, and the first mention of Bukhara was the capture of the settlement by the Persian king Cyrus in the 6th century BC.

Andijan region

The administrative center of the region is Andijan, which in ancient times was located on the Great Silk Road, and is also known as the birthplace of the founder of the Mughal Empire, the Uzbek poet and writer Zakhiriddin Muhammad Babur

Khorezm region

Khorezm is the oldest and truly unique region of Uzbekistan. The first records about Khorezm are noted in the book of Zoroastrians – Avesta. Therefore, this region is considered one of the cradles of human civilization. At the beginning of the first millennium AD, the powerful state of the Khorezmshahs was formed here, which subsequently fell from the invasion of the army of Genghis Khan.

53

Samarkand region

Alexander the Great, Genghis Khan, Amir Timur – these are the names of outstanding conquerors and commanders who left an undeniable mark on the history of the region. During the reign of the Timurids, Samarkand became the center of science and culture of the entire Ancient East.

Kashkadarya region

The Kashkadarya region is one of the most environmentally clean locations, based in the Kashkadarya River basin. The toponym Kashkadarya has several meanings: "river lost in the sand" and "transparent, clean river."

Jizzakh region

The Jizzakh oasis has a long history, and the nature of the region enchants at first sight. In the Bakhmal and Gallaaral regions you can see amazing underground paths called "Temir Darvoza". On the southeastern edge of the Kyzylkum desert in the Jizzakh region, Lake Aydarkul, with a yurt camp on a shore, amazes with its magnificence

54

Navoi region

Navoi region is the youngest in Uzbekistan. Its administrative center, Navoi city, was founded in 1958. The location for the construction of the city was not chosen by chance it is the center of active development of mining and metallurgical industry.

Surkhandarya region

Surkhandarya region is notable for mountain and eco-tourism. In the region you can see an incredibly beautiful natural landscape: caves, massifs, gorges. These places attract a lot of attention from travelers and adventure seekers.

Namangan region

Namangan region is an ancient land of the country, which is confirmed by various archaeological finds and architectural monuments that tell about the primitive way of life of the local population, as well as monuments from the Bronze and Stone Ages.

55

Syrdarya region

Syrdarya region, located on the banks of one of the longest rivers in Central Asia – Syrdarya, has enormous potential for the development of eco-tourism. Fishing and agritourism are also very popular in the region. Fergana region is one of the most picturesque and rich places in Uzbekistan. It is located in the Fergana Valley in the middle of the Pamir-Alai and Tien Shan mountain systems.

Fergana region

Fergana region is one of the most picturesque and rich places in Uzbekistan. It is located in the Fergana Valley in the middle of the Pamir-Alai and Tien Shan mountain systems.
